

**\*\*\*Coronavirus (COVID-19) Update\*\*\***

Ethical Partnership would like to reassure all clients and fellow consultants that we are taking Coronavirus very seriously, as I am sure you are too.

We are still operating as normal and have put measures in place to ensure safety to all while still delivering our services to you.

From now on, the following applies:

- All travel including scheduled meetings have either been postponed or rescheduled remotely via Teams or conference calls to ensure collaboration can continue as normally as possible.
- Measures are in place to provide our staff with the equipment they need to work and operate as normal from home.
- The Directors are in regular discussions and will continue to monitor advice from the Government, WHO and the NHS with regards to Coronavirus.

Rest assured, at Ethical Partnership it is 100% business as usual. To continue as normally as possible through these difficult and uncertain times it is vital for our industry to come through this with minimal impact. We encourage everyone to work together to overcome the difficulties that lie ahead.

We hope the current crisis is not affecting you, your loved-ones or your business and that we are all back to normal very soon.

With very best wishes.
